TNBC, CTHC Celebrate with Aviation Members

Teamsters National Black Caucus Chicago Chapter and Chicago Teamsters Hispanic Caucus celebrated the holidays on Dec. 1 with aviation members working for the City of Chicago.

“Members working in aviation can experience especially hectic schedules during the holidays and winter in general,” said Becky Strzechowski, Local 700 Assistant Trustee. “We wanted to celebrate with them before the season starts and – most importantly – remind them to always put safety first.”

CTHC President Hector Hernandez and TNBC Executive Board member Ramon Williams, both Local 700 members, helped organize the event. The event included complimentary beverages and dinner for members and a raffle. Several members walked away with a new hat or fleece jacket.
